From: Dr. Ruediger-A. Walk
Scientific Affairs Asia-Japan-Australia
Subject: Barcelona personal monitoring study

Helmut,
if you have a good quality copy to start with, please mail it to us. Then we
can make copies. The fax copy we have is not useful for further copies.

Matt Winokur told me last night about a fact sheet Covance has published
on the Barcelona study and an article in a Spanish newspaper. Do you know
about this?

Warmest regards,
Roger
